Making Cat purr

Author's Notes:
Valentine drabble 2-Just because I love those two together and I love onstage PDA...

The two guitarists and Skinny are playing and moving in sync in front of the crowd while Whip stands behind, admiring the slender silhouette of his shirtless rhythm guitar player. No need to cover him with glitter powder, Cat's body is glistening with sweat beads.

The singer cannot resist much longer. As Nightmare finishes his solo, Whip scoots behind Cat and brushes his fingertips over the younger man's shoulder blades. The guitarist doesn't flinch and expectantly bends his upper body backwards, lustful eyes and already parted lips awaiting Whip.

Only three more songs till they can take this further offstage...
